An Exchange That Ewriched Us!

Per Otto Haugland

Blackduck had two foreign exchange students join the Senior Class this year.

Per-Otto Haugland thinks Blackduck is too small. Stavanger, Norway, a city of 150,000 citizens is home to Per. Stavanger is located on the south western coast of Norway. The weather here is too cold for Per. The classes here are fairly easy for him and that's why Per's home school won't be counting this year as an academic year for him. His school requires English as a language and if you can believe this — he misses SCHOOL the most!!

Per's birthday is on February 19, 1971. In his spare time he likes partying and snow boarding. His hobbies include playing the trumpet and teaching it to little children. Per's plans for the future are to become a lawyer.

Stefan Fasth

Anders Stefan Fasth is from Gothenburg, Sweden. Gothenberg is located on the middle of the west coast of Sweden. The weather is colder in Blackduck than in Gothenburg but "he can stand it." Gothenburg is a lot bigger than Blackduck and Stefan didn't think that he would enjoy a small town but he does. Seven years of English as a language is required in his home school. Here in Blackduck, Research Paper is his hardest class and American History is his easiest.

Stefan's birthday is December 8, 1970. When Stefan is at home he parties and goes to the movies in his spare time. Favorite hobbies include computers and basketball. Stefan hopes to become some kind of engineer.

We've enjoyed sharing the school year with both Per and Stefan and wish them well back in their native countries!!

The Classic Touch

Above: White tennis shoes have been in for years. S. Halby and S. Bilyeau seem comfortable in theirs.

Above: B. Smith and T. Hannigan prove that romance is still with us.

K. Falk notes her new style "bobby socks."

R. Buchanan and his "flat top" haircut or is it a "crew cut"?

Classic saddle shoes are still steppin' out!

Coca-Cola is still a classic for some.

"The Classic Touch" — The Blackquill Yearbook staff chose this as our theme because looking around us, we couldn't help but notice all of the "classics" that are back in style today. From dark "shades" sunglasses and lettermen jackets to ponytail hairstyles and the remakes of old songs that are today's pop hits such as "I Think We're Alone Now" (Tiffany) and "You're Mama Don't Dance" (Poison).

We feel this yearbook also classifies as a classic, since it has been printed every year since 1947. We picture on these two pages some of what we would consider "classics." Can you think of more?

F. Cauchon, T. George, P. Reisch, and B. Anderson show off their "tough" lettermen's jackets.

"Flats" or "Pumps" are still in as demonstrated by R. Nord and M. Gross

K. Bauer, B. Cheney, T. George, and D. Anderson believe T-Shirts and sweatshirts will never be out.

B. Anderson, T. Brambrink, T. Nendick, and R. Johnson demonstrate that blue jeans whether rolled up or acid washed are still the thing to wear.

N. Gross and J. Juelson's leather jackets are pretty narly!

Artist/Mentor Program Summer 1988 Lights! Camera! Action!

COULD THIS BE YOU?

The Artist/Mentor Program challenges students in grades 9-11 with an interest in one of many different disciplines. If you have a special interest or talent, consider this program for an interesting summer! The Artist/Mentor Program is sponsored by the Region II Arts Council. Selected students are awarded \$500 scholarships toward summer instruction with an area artist. Different areas of study include visual arts, music, theater, writing and more.

Christie Lueck spent her summer with Betty Hanson studying photography.

Stacy Atkinson studied drama with her mentor, Jessica Zuhlke.

Teacher of the Year

"Sharing and caring" are words that mean a lot to this year's
Teacher of the Year — Mr. Donald Houseman. He likes
sharing art with young people so that they can see that it is
something important, worth caring about! He was honored to
be recognized as a representative teacher of the sharing,
caring, energy, and effort that so many teachers are putting
into education daily.

Mr. Houseman has been teaching in Blackduck sixteen years
— since he and his family moved here from Fargo, North
Dakota. His family includes his wife Jan and their children:
Jack, 16, Peter, 12, and Sarah, 10.

Since moving here, Mr. Houseman has put energy and effort into many things both in the school and the community. In the past he has coached the fall play and the One Act Play, and been active in the Blackduck Jaycees. He presently coaches Jr. High Boys Basketball and Golf, serves as a Boy Scout Leader and is active in his church.

Mr. Houseman's sharing and caring has often boiled over into an enthusiasm for teaching or coaching that he hopes is contagious. He believes that High School Years should be funfilled and hopes he sets a good example of how much fun school spirit can be. He feels it's up to each student what they will look back on their High School years as: either just an empty job that he or she will regret or as a fulfilling experience that he or she will feel proud in knowing they participated in.

For the future, Mr. Houseman envisions: a full time Art coordinator for the Elementary, a cultural enrichment trip either to the East Coast or to Europe, better designed art facilities here in school such as an art room with ground floor windows, a student lounge, a better lounge for teachers, and more basketball court facilities.

In the meantime, Mr. Houseman will hopefully continue sharing his energy and talents with the students here in Blackduck.
