Foreign Exchange Students

Marina Vedernikova

Hi! I'm an exchange student from Russia. My name is Marina. I have never been in USA before. I like your town, school, and the food the cooks make. Thank you very much for your hospitality. Thanks to the teachers for helping me with the language barrier. Also thank you very much to my dear friends for the help they have given me in the difficult times.

Yuliya Horbach

I came from a "small" town (of 800,000 people) Kryvyy Rih in Ukraine. I am proud to have an opportunity to represent my country and its culture to you. Ukraine is a young independent country in eastern Europe. I was quite impressed that most of you guys already knew that. During this year I tried to tell you as much as possible about my culture and at the same time I learned a lot about Americans. I'm sure that I won't forget this wonderful experience for the rest of my life. This year would not be as exciting and informative as it was without my new friends and teachers who became very close to me. That is why I want to thank you all for being a part of my life for this year and for the rest of my life. I am also grateful to my American family: Sandra, Kevin, Derek, and Carl Hand for the love, care, and help they gave me. You all will take a very special place in my heart forever.

Matthias Domanski

I came to the United States on the 7th of August from a town in Germany. It lies on the North Sea coast and is called Wilhelmshaven. It has always been a big dream of mine to travel to different countries, have a whole bunch of adventures and to live one year on my own. I would finally become grown-up and be able to make tough decisions and pay the consequences for them, whether good or bad. A big point I've learned is that you cannot make a judgment about a culture and its people with just information from television and stereo-type movies. You have to live their way of life, to be able to see what life is really like with its good and bad sides. A big "Dankeschoen" to my host family: Susan Chapman, Craig Williams, Brewster and Philip for their care, help, support, and love they gave me and making me feel like a son and brother. I also want to say thanks to Mr. Nissen, the staff, and of course to all the friends I've made for their help in every situation.

Then

Since August of 1982, Marge Klug has worked as a secretary at Blackduck High School. She retired half-way through this year. Marge was born and raised in Bemidji, MN and moved to Blackduck in 1975. For the past 22 years Marge has had a major roll in our day to day activities at school. She always arose every day at 6 AM to inspire those who encountered her. She worked with 3 different principals including, Mr. Mathews for 18 years, Mr. Novak for 2 years, and Mr. Nissen for 1 year. Marge plans to play golf, fish, ride 4-wheeler and travel.

Thanks For Everything, Marge!

Cross Country Skiing

As of January, this is the second year in a row that we have had a lack of snow that has adversely affected the cross-country ski team's season. The team has had ski meets postponed and have done most of their training in dry land conditions. But, in spite of all that, the team has remained upbeat and positive. They have worked hard to improve their conditioning and skill and will probably use what they have learned as a life long activity, which will benefit them healthwise well into the future.

Snaps

Basketball is an intricate part of the educational process due to building and developing skills such as teamwork, friendship, responsibility, discipline, and public speaking that you will use the rest of your life. Students at Blackduck High School have a unique opportunity to develop their mental and social abilities in a pro-educational environment when involved in basketball. Last year was a great learning experience, especially in a small school where people take pride in their students and children not just as athletes, but as individuals. All in all, basketball is a great sport for anyone who is looking to get into shape and prepare for the real world.

Help.....I'm stuck!

Snowriders is a four-year old Community Ed. / Youth Choice sponsored club for grades 7-12. They ski at Buena Vista Ski area and end the skiing season with a ski trip. In the past, the club has gone to Giant's Ridge Ski Resort and plans to go to Wild Mountain, Wisconsin this year. For grades 9-12 students have the opportunity to raise money and pay for a bigger trip. Last year they went to Red Lodge, Montana. They have had many fundraisers, and they also received a grant from the Blackduck Fire Department. This year's big trip will be to Big Sky, MT for the 9-12 graders. These trips provide experience in different types of skiing. The Snowriders club gives students the opportunity to enjoy a lifetime winter sport.

"For eight weeks and more than 120 hours, the planning and rehearsing reigned! Then it was the performance time. Forty-three students is an incredibly large group but they were so wonderful they made my job easier! The play is really a character study and each actor played his or her part perfectly! The crew was on top of everything to produce top quality"....Jennifer Parker, Director

This play is designed for competition and has a relatively short rehearsal time; this year from December 1 to January 24. Although stage time is sometimes hard to come by, the students did a splendid job. Even though they didn't win at sub-sections, Mr. Kovar said that their performance was brilliant and all the actors and actresses had a fantastic time with this play.

What exactly is FFA you may ask? Well, lets start at the beginning. Upcoming ninth graders are eligible to join, and, once a member, will most likely continue to participate throughout their high school career. Ninth graders will be expected to take one of three Ag classes to start out. Those classes are FFA Leadership, Welding, and Horticulture. Members are involved in competition throughout the year in what is known as career development events. Members are expected to attend regular meetings and the State and National conventions. Each year there is a parent-member banquet to recognize members and also a canoeing and camping trip in the summer. All in all, FFA is a year round learning experience with chances for advancement, very similar to real life.

FCCLA stands for Family, Career, and Community Leaders of America. It is the only student organization with a major focus on family and a basis on family and consumer education. Anyone in grades nine through twelve can become a member. Membership begins in August and ends in September. Students are the leaders in FCCLA so they learn responsibility, creativity, organization, and public speaking. Students compete and are judged primarily in STAR events: Students Taking Action for Recognition. They work on projects all year long and then present them at the regional, state, and national levels for chance of advancement. FCCLA has been very successful in the past and we're always looking for new people to add to the FCCLA family. Your chance is coming soon.

There's a gator lurking in these waters

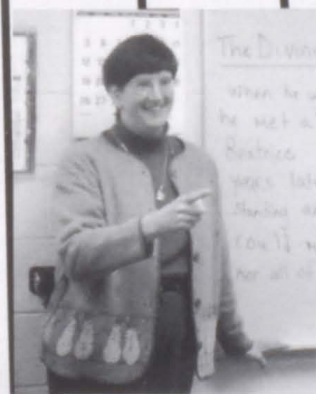

As a change from the normal club trip to Spain, last year's Spanish Club trip was to the Yucatan Peninsula in Mexico. Eleven Blackduck students and four students from Nashwalk-Keewatin, MN traveled throughout southern Mexico, exploring ancient jungle civilizations, swimming in caves and jumping off boats in the Caribbean, snorkeling on the second largest barrier reef in the world and seeing jungle animals in their natural habitat. Even though the weather was hot, all the students had a fantastic time with the guides Luis and Yarima and many of them want to return there in the future, two of whom will be returning this summer.

Senior High

This year's team should do very well. After the eleventh place at state last year, the team hasn't lost any members. That was the first time in several years that Blackduck had gone to state and it was a real boost for the kids. The thrill was fantastic and should bring more people out for Knowledge Bowl in the up-coming years. Knowledge Bowl is a competition that brings together people who have a vast array of knowledge. The competitions take place on Wednesday or Thursday and take a full day. There are five rounds, the first is a written round of sixty questions and the next four rounds are oral consisting of forty-five questions. After all the rounds are completed the totals are tallied and the team with the most points wins.

Last year the team had many outstanding speakers. Coach Parker was very proud of what the whole team did and expects the team to do even better this year. The team has grown in a large part from a few years ago. For the first time last year Blackduck held its own tournament and even the sub-sections tournament. The junior high team did awesome last year, raking in many top awards and several triad awards.

Upward Bound

The Upward Bound program is to prepare students for post secondary education. There are basically two criterias to get into Upward Bound. One is that your parents didn't have a post secondary level of education and the other is their financial status. The students have to be in grade 10-12 and live in this school area. The students have to maintain a certain GPA and must keep in contact with the Upward Bound representative. During the summer the students spend six weeks in class at BSU. By going to BSU they earn a high school credit.

Music

From hip-hop to electronica, pop to rock, no one musical genre dominated the airwaves and headphones of America. The year saw new albums from Moby, Red Hot Chili Peppers, Eminem, Leann Rimes and many more. Kelly Clarkson's career as a chanteuse took off, Lance Bass was grounded as a cosmonaut, Ozzy showed why he's an iron man, and Triumph marked his territory at the VMAs.

Forget East Coast vs. West Coast

It's rapper versus puppet as Triumph the Insult Comic Dog has a run-in with Eminem's posse on MTV's Video Music Awards.

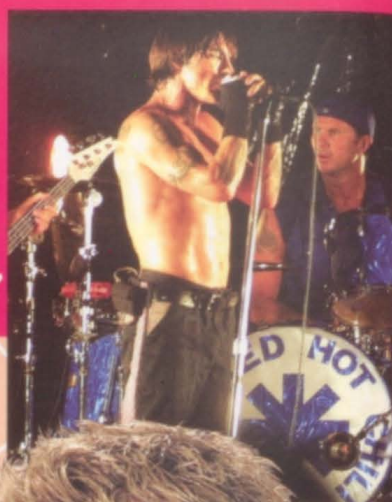

Britney not so caliente

The divine Miss Spears is booted in Mexico City after she bails her concert just four songs in.

Still red hot

Flea and Anthony continue to assault eardrums and find creative uses for socks on the new Chili Peppers album, "By the Way."

Don't tell Elvis...

Kelly Clarkson becomes the first "American Idol" and hits #1 on the Billboard singles chart.

Bye bye bye!

Lance Bass trains to become the first member of a boy band in orbit. But when he fails to pony up the \$20 million fee, the Russians say "nyet!" and send him home.

Something to Crow about

Sheryl Crow performs at the One World, One Child Benefit Concert in Beverly Hills.

Science

Zebra, king of the ocean?

Scientists discover that great white sharks are repelled by zebra striping.

Around the world in 14 days

After some 21,000 miles and two weeks aloft, Steve Fossett becomes the first person to circumnavigate the globe in a balloon.

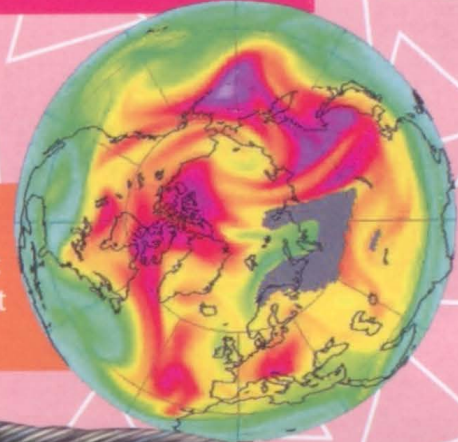

A long way for pizza delivery

The International Space Station receives its fifth three-person crew, who live and work in orbit for four straight months.

Well, that's disturbing

Meteorologists discover that the Antarctic ozone hole has divided into two parts that are spreading away from each other.

The dog did my homework

Researchers at UC-Davis theorize that dogs have basic math skills, including the ability to count. No word on differential calculus.

That's even more disturbing

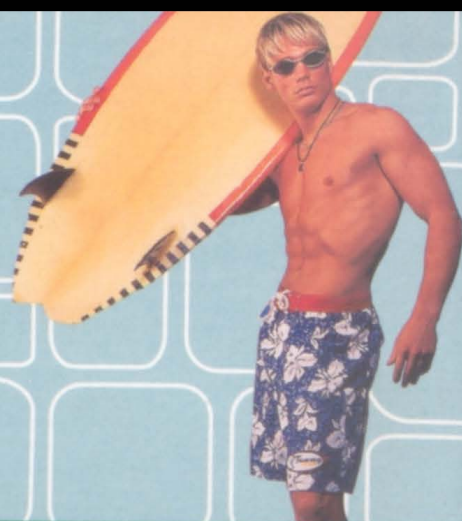

The snakehead, a.k.a. the "Frankenfish", is discovered in eight U.S. states. The Chinese fish can walk on land and decimate native ecosystems.

Walk like an Egyptian

Scientists employ a camera-toting robot to enter a previously inaccessible secret chamber of Egypt's Great Pyramid.

Trends

Styles past and future, cheap and chic blended to make the year interesting for the trend-conscious. Denim made a comeback for the 287th time in history, while new electronic devices offered functionality that James Bond would envy. Not to mention that the modern look of Starck and Oldham hit traditional department stores, surfers hit suburbia, and lots of teen girls happily got mud on their faces.

It's, like, totally exfoliating!

Seventeen magazine opens its first spa dedicated exclusively to teens just outside of Dallas, Texas.
www.seventeenspa.com

Who cares if we live in Ohio?

Surf/skate fashion is cool, with brands such as Ezekiel, Hurley, and BC Ethic making a big splash on the half-pipe.

Feeling blue?
