Somewhere between the procrastination ... and the homework ...
the friendships ... and the calls to each other complaining about crushes ...
Somewhere between the phone calls to old friends ... the "I miss you's," the "I love you's,"
and the "What are we doing tonight's?" ... Somewhere between all of the
changing, growing, and maturing ... along with the skipping classes ... and the studying
for tests ... and the tests ... and the downright NOT studying for tests ...

We forgot

We forgot what high school is all about.

We forgot what it meant to cry ... We forgot that pretending to be happy doesn't make you
happy ... and that pretending to be smart doesn't make you smart ...

We forgot that you can't just forget the past in fear of the future ... We forgot that you can't
control falling in love ... and that you can't make yourself fall in love ...

We learned that we can love ... We learned that it's okay to mess up ... And it's okay to ask for
help ... And it's okay to feel like crap ... We learned it's okay to complain and whine
to all your friends for a whole day ... We learned that you can't always get what
you want ... We learned that the greatest thing about high school
isn't the parties or the hook-ups ...

It's the friendships, which means taking chances ...

We learned that sometimes the things we want to forget are the things we need to talk about
the most ... We learned that letters from friends are the most important things ...
And that sending cards to your friends makes you feel better.

But basically, We learned that our friends ... both old and new ... are the most important
people in the world to us.

And ...

Without them, we wouldn't be who we are today ...

So this is a thank you to all of our friends ...

Thank you for always being there ...

We'll never forget ...

Those times that kept us here, the reasons we were at school, the laughs, the late night
talks, the hanging out ... and most importantly ...

YOU

And we hope you never forget ...

Thank You!

Our love and respect to all of you!

What scares you the most about being a senior next year:

- * The fact that I might not graduate
- * Not knowing what to expect after I graduate
- * Leaving my friends

Most Embarrassing Moment: I failed to get a cheerleading position because they said I was too "masculine" and the bloomers might be a little constricting.

The Girls Varsity Volleyball team took a new turn this season by adjusting some rules in the game. Instead of scoring 15 to win, they now had to go to rally scoring of 25. The team adjusted well, they soon realized that getting behind by even six points made it difficult to get back on top. Nevertheless, they came through on most games and made a great challenge for the other teams. The girls competed in three tournaments this season and did very well. They ended the season in a 7-17 win.

I had the honor of coaching some of these wonderful athletes for the second year and the pleasure of getting to know some for the first time this season. We had some trouble finding teams to play against but when we did compete, the girls did an excellent job with a newly learned offense and specialized positions. I am very proud of how the team conducted themselves, not only on the court but also off the court. I look forward to watching this group in the years to come. I know they will continue to be true representatives of Blackduck Athletics!

This years seventh grade volleyball team had a great season. We started out with a good group of girls and added several players who strengthened our team. We worked hard on team effort and playing the game with a positive attitude. Although we didn't have the greatest record, we learned from each other, and with eighteen girls on our team we had plenty to learn. It is my hope that every girl returns to play in eighth grade; determination will make us an even stronger team next year.

Spanish Club had an awesome trip this year. Once again we traveled to the Yucatan Peninsula of Mexico. Our days were warm so we spent a lot of time in the Caribbean, snorkeling on the coral reefs, boating and swimming. We also toured several ancient Mayan ruins and an ecological park where we could swim with the dolphins, jump off cliffs and float down an underground river. This year we had an added experience of visiting a Mexican orphanage and a Mayan village where we were guests in their homes and interviewed their families. Our trip ended with a two-day stay on the island of Cozumel where we laid in the sun, swam and snorkeled.

The Blackduck German Club has been in existence for the past twenty years. Over the years the German Club members have sold many different items to fundraise for their trips. Every year they have sold at least 300 Advent calendars. They have also sold sweatshirts, chocolates, Pampered Chef products, chocolates, Tupperware, chocolates, covered cake pans, chocolates, Christmas products and more chocolates. This summer, sixteen students will travel with Frau S., Frau's daughter, Katie and sister Karlajeon Becvar will also travel with the group. Community members Pastor Dean Oelfke, his wife Jane and daughter Becky will accompany the group as well as former student Nicole Joy. With the sixteen students who will be traveling to Germany this summer a total of 119 students have traveled with Frau over the past twenty years. Frau Slindee has spent a total of 180 days traveling with students. Frau Slindee has learned a lot from her trips and has enjoyed the extra time she has spent with her students outside the classroom. She is very much looking forward to this summer's trip.

Knowledge Bowl is a competition where students answer trivia of all types. Teams take a written test to be ranked and then compete in a few oral rounds where teams compete head-to-head for points (like team Jeopardy).

The 2003 Knowledge Bowl team saw great success last year, accomplishing both team goals of beating Bemidji and winning a state (2nd place) medal. The program is continuing to grow, now having 20 senior and 20 junior high members signed up. The team expects an equally successful season this year, continuing to improve on last year's accomplishments.

Early morning practice really pays off!

Competitive speech is an activity where students in grades 7-12 perform a piece of literature against several other students to be judged. There are 13 categories that range from humorous pieces to reading tragic stories to discussing current events to writing one's own speeches.

The 2003 Speech team posted record numbers and great success. Blackduck's team has become a force to be reckoned with, having a medalist at every tournament. The team sent four "speachers" to state competition last year and expects to do even better this year.

~ Seniors ~

I stop to think of all the memories ... the memories which kept us at school.
It wasn't because of the teachers or because we actually liked getting in trouble.
I stayed for the same reason everyone else did ...

The friendships ...

The support, the laughter, the happiness, and the love ... so many memories are built up inside ...
The unforgettable times when we did nothing and did everything ... either way ... we always had a good time!

I can't imagine our lives apart, though someday it will come.

We won't see each other everyday; we'll be living different lives.

From then on, it's all brand new. We'll make new friends ... we'll meet many new people

... We'll choose a future for ourselves ...

But for now I stop to think ...

To think about how scared I am, but how excited I am as well ...

I think about the changes that will come, and if I'm ready ... are you?

I wonder will I succeed ... and will I give my all ... will I be who I want to be ... or will I just fall ...

I wonder how to change this ... how to help me through it all ... But really, there's not much I can do ...

Because this is life ...

I hope you all follow your dreams ... I hope you all do great! I wish the best for all of you ... in whatever you choose to do!

We may lose touch and never talk again ... we may remain friends forever and be there till the end.

But whatever happens in our lives I hope you all remember the times that have meant most to us during thirteen years of our lives.

The times when we laughed, the times when we cried ...

The times we found respect in one another, and the times we wanted to die ...

The times we succeeded, and those horrible times we failed ...

Through all this ... I counted on your friendship to get me to the end ...

You've been my angels, my stars, my awesome wishing wells ...

You showed me what it's like to have fun ... You showed me it was okay to be myself ...

You showed me honesty, kindness, and respect ... and I hope I've returned it to you ...

Because you ... you're the ones I've grown up with ... The ones I'll never forget ...

You made my school years the best ... I couldn't have asked for more.

I thank you now for everything ... You've been more than I could ask for.

Love Always,

Megan Gus

Wade,

Always follow your heart. It will lead you through a lifetime of happiness. We are so proud of you!

Your Family

Anna,

You are one of God's most precious gifts! Work like you don't need the money. Love like you've never been hurt. Dance like nobody's watching. Sing like nobody's listening. Live like it's Heaven on Earth.

We Love You!

Dad, Mom, Lucia, & Kirsten

Megan,

We love you and are so proud of you and the person you are. Remember that when you graduate from high school and the door behind you closes, ahead of you will be a window to a whole new world of opportunity. Enjoy!

Love Always,

Your Family

Jacob,

Son you are so very much loved!! You will always be a gift to us all!!

We Love You,

Mom, Dad, Melissa, Adam, Danielle, and Alexandria
