# Senior

In ten years, Samantha Allen will still be driving around Blackduck with Ginny listening to "cds" and eating "frozen pizza" while being a full time groupie.

In ten years, Josh Arhart will still be 5'4" telling everyone his growth spurt is about to hit, working at the Max-Mini store charging gas to his parents. He will finally be married to Sammie, after 10 years of dating.

In ten years, Sarah Barott will be writing steamy smut novels, living with a Fabio look-alike and opening her chain of 'stores' "Spurs-R-Us" around the world.

In ten years, Adam Beck will still be driving around in the Buick, charging his gas to his parents at both gas stations, but, because Scott has moved on, his parents are making him work at NAPA. Once in awhile, he makes pizza in the deli at Timberline while still thinking that his baseball career at the pro level is going to happen, if he could just somehow catch a break.

In ten years, Ginny Blanchard will still be babysitting Danny everyday and looking for the bathrooms on the second floor even though she knows they're now on the third floor. When she gets bored she will count to twelve and talk to Sam and "Hick Tyler" the health freak from Missouri.

In ten years, Julitta Brambrink will be driving a brand new Ford pickup that she can't pay for while insisting that Chevys suck and telling Cody John and the Jareds that "Redneck Woman" is not her song.

In ten years, Tara Cardenas will be driving her Lumina (with 700,000 miles on it) with Casie Wiebe going shopping at the mall to try to find the latest shoes, after eating a whole box of oreos.

In ten years, Kelly Carlson will be living with her husband Huey in Solway and raising their two kids, Duey and Luey. Every weekend she'll call Aleasha and Amanda to see what's going on for the weekend, while everytime ending up lost somewhere.

In ten years, Marcus Clausen will be living under the porch of Tabby's mansion (which he paid for), in his double-wide cardboard box, only being admitted into the house to clean and watch her kids.

In ten years, Ian Cole will be living in Northern Maine. He will keep himself locked in a small room of his house, desperately trying to finish his Oscar-worthy screenplay. Children will fear him and will quicken their pace as they walk by his "Lair of Insanity."

In ten years, Jared Cornell will still be driving the back roads with Scott G. trying to see who can get the biggest buck first, and telling Brambrink, "Redneck Woman" is her song.

In ten years, Marybeth Eckstrom will still be living near Blackduck and she will be married to a big hick and have a couple of kids. She will still be telling Sarah that during the winter she will have the Firebird fixed so they can go cruising, while trying to convince Candice to be a "nun".

In ten years, Christian Fraley will be living in his parents basement downloading pictures of Sarah Michelle Gellar and posting "Me Too!", like some braintead AOLer.

In ten years, Sarah Friesen will be living in the middle of nowhere, happily married with eight kids, working at her own auto repair shop, while still telling Marybeth she's going to buy Lil D's '67 Mustang.

In ten years, Katie Jo Gannon will still be working Saturdays at BFF, even though she put in her two weeks notice back in 2004. She will be working as a lawyer during the week supporting three kids.

In ten years, Scott Geerdes will still be driving the back roads with Jared C. seeing who can shoot the biggest deer first.

In ten years, Aleasha Gross will be living with her big Mac Daddy on the Gross farm, raising little chicken nuggets, still finding time to sneak out with Kelly and Amanda for their girl's night out while getting blamed for the tracks swerving down the road.

In ten years, Cody Gross will still be living at home because no girl will ever be good enough, and working as a CEO for X-box and going to bed at 8:00 PM.

In ten years, Jared Hahn will still be working for David, trying to pay off his rent and cleaning up his stains from summer 2004. He will be trying to pay off his seventh, snowmobile, fourth four wheeler, sixth car, second pick-up and one of David's vans. He will still be calling up Mike F., Jarred M., and Cody G. to find something to do on the weekends

In ten years, Elee Hruza will be living with Desiree so she doesn't have to clean, while married to Ricky with twelve kids and still running over raccoon herds.

In ten years, Lucia Johnson will finally be finishing college after changing her major eleven times.

# Prophecies

In ten years, Trista Johnson will be in rehab, like most artists, but will be the graphic designer for a band like ICP.

In ten years, Emilie Kalvig will be teaching in some small town other than Blackduck and still fighting with her sister.

In ten years, Lauren Kile will be a wonderful farm wife, working part time at BFF. She'll still be correcting and yelling at the guys that her name is not "kyyyyyle".

In ten years, Amber Liesener will be living in New Zealand. She will have her own coffee shop/cafe and will be living in a house on the beach, taking in poor stranded surfers.

In ten years, Andrew Lutgen will be living in Blackduck, repairing and rebuilding old cars and trucks. He will live in a shack that is covered with the heads of the deer and squirrels he has shot since graduating from high school. People will refer to him as "that crazy guy with the chassis-less Toyota"-and he wouldn't have it any other way.

In ten years, Beka Majava will be living in some big city working as a forensic scientist trying to get on CSI: Miami. Hoping to meet that perfect guy she's been waiting for, NOT from Blackduck. She'll still be coming back to Blackduck on the weekends to go Four-wheeling, so that one day she can be a pro at staying on.

In ten years, Jenna McKean will own a golf course and be living in the same neighborhood as Katie and Lauren. Every weekend they will share gossip over some lemonade and Tang. Jenna will still be trying to make sure everyone is happy.

In ten years, Kayla Nord will be married to Wayln with kids on a farm in Blackduck, with her sheep and cows. People will only see her out once a year, and it takes days to recover and many towels to clean up Aleasha's floor.

In ten years, Bobby Parker will still live in Blackduck hanging out on the beach with Mitchell and Kohl, talking about everything they want.

In ten years, Darren Peasley will still be single, but will be richer than a stupid rich dude, so all the honeys want him.

In ten years, Candice Pfeifer will be living in Northome. She will be married and divorced five times with ten kids she wasn't planning to have. She will be working her 100th job to pay for cars she has ruined and hasn't paid for yet, while telling Marybeth that her car is crappy and still working to unite Billy, Willy, and Dave.

In ten years, Nicole Plorin will be living with her hot rock star boyfriend in California while trying to manage his band.

In ten years, Eric Puschinsky will have won the lottery, lived his life and died happily.

In ten years, Megan Sachau will be coaching volleyball in Bemidji, taking yearly trips to Hawaii and will still be brutally honest with all of her friends.

In ten years, Megan Schocker will finally remember that she had driven to school, and will be frantically driving to Blackduck with her mom to find her car.

In ten years, Stacy Strand will still be quiet during the day and have a second life at night. She'll still be driving the "grocery getter" because she can't get her own car, since her parents won't let her have a job.

In ten years, Ben Taylor will be a comedian. He will drive to and from the Apollo theater in his broken down Buick, hoping that he doesn't break down in a dark alley. He will make people laugh with his baggy clothes, afro, and incredibly offensive jokes- especially one about his best friend and manager, Ian Cole, who inspires him daily by doing stupid things.

In ten years, Micah Uhrinak will be ARGGGG -Script Error-

In ten years, Linda Vancova will be a very wealthy entrepreneur in the United States, constantly calling Sarah B., trying to give her the advice she really needs. She will be "living it up" lushly in her gigantic mansion in New York.

In ten years, Alicia Warden will be one of America's top interior designers, living in a loft apartment in Des Moines, calling up Sarah F. to see if she wants to go on one of their infamous shopping trips.

In ten years, Jennifer Welch will be somewhere living next to Sami Olson and only going into mall entrances.

In ten years, Shawn Young with his magnificent driving skills, will cause the greatest multiple car accident on the Autobahn, creating enough damage for the German Chancellor to declare a state of emergency and forcing three auto manufacturers to declare bankruptcy.

# ERIK BROERING 1966 - 2004 "HE SOARED"

*He died young, but take solace in this. He was loved, and in the minutes before he died, Erik Broering soared."*

*- Tony Bender, publisher, Ashby Star,  
North Dakota*

*"People like Erik don't come along very often in a person's life."  
- Robert Drostick, Superintendent*

*"He came out to practice almost every day before school started and he made the team feel like the school really cared. I've never had a principal do that before."*

*- John Arkart, Captain, BHS football team*

*"He made every day a beautiful day"  
- Marika Brambrink, High School*

*"He really gave us a lot of support. He would talk to us on game days and come into the locker room to offer us his support."*

*- John Loecken, BHS football player*

*Oh, I have slipped the surly bonds of earth and danced the skies on laughter-silvered wings; sunward I have climbed and joined the tumbling mirth of sun-split clouds and done a hundred things you have not dreamed of....wheeled, soared, and swung there. I've chased the shouting wind along, and flung my eager craft through footless halls of air. Up, up, the long delirious, burning blue I've topped the windswept heights with easy grace where never lark, or even eagle flew. And, while with silent, lifting mind I've trod the high untrespassed sanctity of space, put out my hand, and touched the face of God.*

This past summer 17 German students along with 4 chaperones went on a 3 week long trip all over Germany, Switzerland, Austria and a short stop to France taking in the Swiss Alps, exploring the castles. A week long family stay in Fluda Germany, just a few highlights of the trip. In all, great friends and memories were made of a summer we will never forget!

"WHEN WE DREAM TOGETHER, IT IS NOT JUST A DREAM. IT IS THE BEGINNING OF REALITY." THESE WORDS SPOKEN BY DOM HELDER CAMARA, SPEAK LOUD AND CLEAR IN WHAT OUR FUTURES MAY HOLD. WE HAVE SPENT THIRTEEN YEARS OF OUR LIVES SHARING THE SAME DREAMS. MOST OF US HAVE BEEN HERE THE WHOLE TIME: WHILE SOME HAVE COME, AND SOME HAVE GONE ALONG THE WAY. THROUGH IT ALL WE HAVE BECOME GOOD FRIENDS. AS WE ARE ABOUT TO GO OUR SEPERATE WAYS, NO ONE KNOWS FOR SURE WHEN WE MIGHT SEE EACH OTHER AGAIN. BUT ONE THING IS FOR SURE, I AM NEVER GOING TO FORGET ALL THE MEMORIES WE HAVE SHARED OR THE FRIENDSHIPS WE HAVE MADE. I WILL CARRY AND CHERISH ALL OF THESE MEMORIES AND FRIENDSHIPS FOR AN ENTIRE LIFETIME. I HOPE YOU ALL DO THE SAME. I WISH YOU ALL THE VERY BEST OF LUCK IN WHATEVER YOU CHOOSE TO DO.

GOOD LUCK AND DON'T FORGET WHERE YOU CAME FROM.

LOVE ALWAYS,  
JENNA

Andy,

Congratulations on an outstanding year! You have shown that hard work and dedication are effective means to achieve goals. We are very proud of you and are honored to have you as a part of our family.

May the past year experiences in the United States contribute to your continued mental, physical, and spiritual growth. Always remember that the cost of quitting is greater than the cost of success.

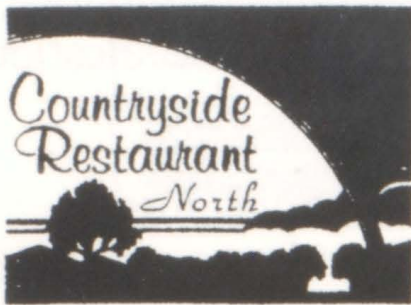

We love you always and wish you God's best for your future!

Thanks to all of the students, facility, staff, and our community for welcoming Andy so graciously.

# Andy Umbach & Karl Jurkowski

Hi,

My name is Andy!

I'm an exchange student from Germany and I have lived in Bonn for 16 years. I came to Blackduck on August 19th in 2004 and will leave at the end of June in 2005. After being a Junior for the first quarter I switched to a Senior, so I can graduate and get a diploma. I was Extra-Point-Kicker on the Varsity Football team, and right now I'm the manager of the basketball team. In March I plan on playing baseball. I like this town, the school, and the people and want to come back next year in the fall. In Germany I live with my parents and two sister (14 and 20 years old). When I go back I will graduate there, go to the university and hopefully come back to the U.S. to go to B.S.U. semester or two and study physics. I had a wonderful time and a lot of fun here Blackduck, with many new experiences and friends. Thanks to everyone who supported me and helped me by answering my questions, some of my questions.

Andy,

a.k.a. "Deutschman" or "The German"

Karl Jurkowski

I am so very proud of you.  
Just seems like yesterday you  
were in the 7th grade. Follow  
your dreams, the world is waiting  
for you.

Love you,
