In ten years, Kyle Binkley will be a big logger driving around in his hick truck wondering what he is doing with Linsey tonight.

In ten years, Jason Bradseth will be sitting at Pour Willie's with his Uncle Milton.

In ten years, Nicole Breeton will still be tripping over her own feet and winning the hearts of young men with her innocent smile and clueless "what?!"

In ten years, Nikki Cardenas will be engaged to Danny Ferdig with 20 dogs while still trying to finish college, driving home every weekend to help Angela work out her problems with men and sorting and washing Desiree's laundry.

In ten years, Kelsey Carlson will be divorced with two kids and still trying to figure out what she wants in life – but at least she will be rich!

In ten years, Tabitha Clausen will have cut off all her ties to her family except her mom who bought her a house in Virginia. She'll be a mentor in a juvenile center, making a decent income, and yet her mom still insists on paying for everything.

In ten years, Ben Compton will still be working at Southside and visiting Katie at Target while he gets baby food for his three kids.

In ten years, Nicole Delaney will be taking a break from school after switching her major for the 14th time, backpacking across Europe yelling "Hey, you're kinda cute!" at every guy she sees.

In ten years, Jamie Lee Exner will be happily married with two kids, living in a huge house built by her husband while working during the day and calling her hubby asking when he is coming home so he can spend time with her and the kids.

In ten years, Danny Ferdig will take over his dad's business and have Nikki do all the work while he goes out to fish.

In ten years, Eric Fraley will be living in the Nebish area, working hard and spending every spare second four wheeling, going to demolition derbies, and somewhat similar things.

In ten years, Nicole Korpela will own a chain of dude ranches across the U.S., making frequent trips to Spain to visit Jose Antonio while trying to get her CD and montequilla back.

In ten years, Sandra Kovall will still have the I don't care attitude and still be going to college wondering what she wants to be, still applying at Pet Zone wondering why they won't hire her when she has experience.

In ten years, Selena Krueth will be working as a Wal-Mart greeter in Grand Rapids and still be trying to find out who that guy was in the green shirt.

In ten years, Stephanie Krueth will be married to a race car driver, have three racer children, and be spending all of her weekends in Grand Rapids, Hibbing, and Bemidji at the tracks.

In ten years, Jeremy Lucken will be traveling the world for no apparent reason just trying new and weird things.

In ten years, Liz Manley will be living in New Zealand with her garage full of race cars, occasionally flying back to Blackduck to cruise with the boys in her Cavalier, all the while insisting that she has her own connections.
