Remember When....

We whispered the "Victory YELL."

We played "Capture the Flag" on the playground.

Lucas sewed Alex's armpit hole closed in Ms. Parker's class.

Aaron saved Nolan from drowning.

Hannah caught K'la from falling 500 feet from a bench at the lunch table.

Anthony drove to school with three tires.

Preston got "injured" on the playground.

We played "Wall Ball" and "touch" football at recess.

K'La punched Katie S. in American Lit.

We had to decide between Cody's or Eli's rules for playing "Four Square."

Derek ate hot sauce in Mrs. Liapis' class.

Emma told Hannah "Take my pants off!" in the middle of class.

We all "laughed" at Mr. Carey's "jokes"

SENIORS

In 10 years, **Cody** will be late to pitch in game seven of the World Series because he took too much time shaving his beard while attending the Church of Baseball with Colton perfecting his 27th pitch, the "Kluder," before the game.

In 10 years, **Celene** will be living in Mississippi, own her own black lady salon, and married to a gorgeous man with three children--Clementine, Sheniqua, and Shanay-nay.

In 10 years, **Emma** will be the most sought after cardiologist after successfully separating conjoined twins who were connected at the heart. She will be married to her soul mate, have two kids, Toto and Minnie, and move stealthily as a ninja on the weekends.

In 10 years, **Hannah** will be a cop in NY, married to Ty--a fine black surgeon who performed the first brain transplant, and welcoming Budde, the baby they adopted from Africa.

In 10 years, **Preston** will be in the army.

In 10 years, **Alesha** will be married to a soldier. She'll live on a farm doing what she does best, hunting and taking care of her two children.

In 10 years, **Peter** will be pulling his traveling circus in the tundra behind a '81 Winnebago and meeting a Yeti named Leslie who will quickly make him rich. Unfortunately, Peter will blow it all on candy corn and Coca-cola.

In 10 years, **Jake** will be fighting off the urge to fall asleep behind the wheel while following Tech N9ne around on tour; then he'll be arrested for trying to kidnap him.

In 10 years, **Taylor** will be cutting hair for famous people while also being a professional photographer.

In 10 years, **Galen** will be the biggest silent movie star America has seen since Charlie Chaplin. When asked if he enjoys wealth and fame, he will ALWAYS answer with a shrug.

In 10 years, **Tyler** will be a standup comedian in the "Blue Collar Comedy Tour" and sending postcards home to his wife Georgia Peach, his southern belle from Texas.

In 10 years, **Aaron** will be a physical therapist and married to a Brazilian model whom he met when he fixed her knee after she fell off the catwalk.

In 10 years, **Doug** will be in Bemidji at the skate park with Anthony, who he lives by, attempting to skate but failing.

In 10 years, **Anthony** will be married to his high school sweetheart, living in Wisconsin, and making tons of money rocking people's minds.

In 10 years, **Oxana** will be working with children.

In 10 years, **Rebecca** will be sitting in her California beach house's shoe room editing her new screenplay that she wrote at the request of her mentor, Judd Apatow, and director, Seth Rogen.

In 10 years, **Jessica** will be married, living on a military base, have twin girls and hoping her husband will buy her a new red car.

In 10 years, **Kla** will be in the Air Force, pigging out on Oreos, and married with five kids. She will still never wave to anyone when she drives by.

In 10 years, **Butch** will be serving his country in the Air Force and happily married.

In 10 years, **Nolan** will open "eNvy", a modeling agency he started with the millions he banked from "Sexy Never Left (But Here's a Refresher)", his hit single that remained #1 for 52 straight weeks back in 2015. Though he enjoyed the fame that music gave him, he felt that true happiness lied in showing people how to be really, really, ridiculously, good looking (like himself).

In 10 years, **Arthur** will be making millions of dollars from inventing medicine to help short people grow taller.

In 10 years, **Alex Z.** will be finishing a bag of Funyuns trying to get a picture Bertha, the tornado she's been chasing. After being sucked up twice by Bertha and carried 10 miles from her truck, she will eventually get the footage she needs. Thankfully, Alex will walk away with no serious injuries, except the annoyance of losing the rest of her Funyuns.
