**Nathan Affield** will be making bank logging in the great north woods.

**Wyatt Brands** will be thousands of dollars in debt flipping burgers with SpongeBob and Squidward Tentacles.

**Colton Brown** will be a multi-millionaire owning and operating Brown Farms.

**Geraldine Chase** will be as far away as possible.

**Jay Cheney** will still be a Lions fan even though they will be losing.

**Hunter Cocking** will have a registered nursing license and spending some time traveling. Who knows after that?

**Tanner Depew** will be working as a Physical therapist or an athletic trainer for a major sports team somewhere in the country.

He will have a small family and live a happy life. Either that or he will live alone and lift weights every day.

**Levi Dexter** will still be living with his father and, while never growing up, continuing to search with Dylan Parsons for Bigfoot.

**Chelsea Dobmeier** will be enjoying life as a stay-at-home mom of two children and married to a doctor.

**Kara Draeger** will be living life to the fullest doing who knows what.

**Keilah Dufault** will still be living in Minnesota and enjoying farm life.

**Breanna Enger** will be living with Kyle Solberg and balling with Michael A. while learning how to operate on people.

**Julianna Fernandez** will most likely be stressing out while in her second year of residency and having the time of her life looking at people's skin. She will be married to the love of her life, Z.C., and have a tiny, adorable, grey, baby pit bull!

**Mason Frenzel** will be sitting in a duck blind with his duck hunting buddies and still wondering why the ducks won't land in his decoys.

**Drew Grundmeier** will be 28 years old, working at Gladens in the summer and on the farm in the winter. He will be a lottery-winning millionaire.

**Carla Grundmeier** will be a successful cosmetologist and working in or managing a salon. She will be happily married and living wherever she ends up.

**Isaac Gustafson** will still be farming in the lands of Nebish.

**AshLee Hagen** will be living in a lavish log house in Vail, Colorado, teaching kindergarteners, and looking fabulous as always.

**Tobey Haluptzok** will be living for the moment in Colorado with Tanner after we both drop out of college to be ski bums with the next snowboard line. Life will be perfect and minimalist living in a wood shack in the mountains.

**Austindale Iceman** will be... who knows man--could be anywhere doing anything.

**Tyler Jablonski** will be out of Blackduck with his amazing son on his side.

**Eddie Kanzig** will be making money. He doesn't know how much money but making money, doing what he loves to do.

**Andreas King** will be traveling the world and seeing new things.

**Cameron Landstrom** will have a nice place out-of-state starting new and being true, helping people through problems as a counselor or something similar.

**Jake Luckwell** will be the next Chaz Michaels of figure skating, skating to one song and one song only by the Black Eyed Peas.

**Sheldon Lussier** will be out of college and in a career that he hopefully won't regret 20 years later. He will be living in a place where he can still feel his fingers and toes in the winter.

**Zach Meland** will be fighting bears while living in a cabin in Alaska fifty miles from nowhere. His hair will be three feet longer.

**Jami Mystic** will be living out west in Oregon with her three cats, traveling the world one country at a time, and doing photography for National Geographic.

**Hattie Notsch** will be living in southern Minnesota on a 300 head goat farm and raising Lamancha, Saanen, Nubian, Oberhasli, Toggenburg, Alpine and Nigerian Dwarf goats. Mort will be my goat chore "helper." (He will do them all.)

**Ceana Olson** will have hit a late growth spurt and be 6'4" tall. She will be married to a Green Bay Packers' receiver, traveling the world funded by his salary and eating as much ethnic food as she can.
