

Blackduck Parents and Guardians,

For those of you who would like to have more information on your child's schoolwork, Blackduck High School is offering two options. You may choose one or both of these options. Please be aware that not all teachers use Schoology.

Option One: Receive a code that will link you to your child's Schoology account. As a parent you will be able to see what is assigned, if it has been completed, and the score attached to that assignment.

Option Two: Sign up for a daily or weekly summary email from Google Classroom that will update you on your child's progress.

Please note that Blackduck administration asks that grades be current as of Tuesday morning, so some assignments may show up as completed, on your summary or in Schoology, that have not yet been recorded in the teacher's gradebook.

If you would like one or both of these, please email the teacher listed for your student's grade level with your child's name, your email address, and if you want Classroom, Schoology, or both. If you sign up for both and the teacher doesn't use Schoology, you will only get the Google Classroom summary. If you have students in more than one grade level, please send an email for each student to the appropriate teacher.
