### **Preface**

This Model Student Handbook has been developed to help school districts provide information and notices to students and parents/guardians. The handbook addresses many issues, and it can serve as one of the tools for school districts, students, and parents/guardians to work together effectively toward the common goal of an excellent education for students.

A handbook is an efficient and effective way to provide the notices required by law and/or policy. Notices required by statute are identified at the end of the heading for that topic by the symbol, [\*]. Notices required by MSBA/MASA model policy are identified at the end of the heading for that topic by the symbol, [\*\*]. The remaining notice topics are included in the Model Student Handbook as recommended best practice. School districts should review their own policies and ensure that if a policy requires the school district to include notice of the policy in the student handbook, the appropriate notice is included. The information and references following a heading with one of these symbols meet a notice requirement. To document that parents/guardians have received a student handbook (and the required notices therein), the school district should collect a signed acknowledgement form from each student and his/her parents/guardians. Any conflicts between language in the student handbook and a school district policy should be resolved in favor of the policy.

Late rides will require a minimum of 4 students. Students must sign up before 1:30.** When there are home events, the only areas that will be open are those in the immediate area of the activity. Open areas include the commons, locker room and concession stand. All materials should be taken from lockers before school ends.

**Calendar**

The school calendar is adopted annually by the school board. A copy of the school calendar can be found in the district office and on the school district’s website at <http://blackduck.k12.mn.us/district-forms.html>

**Cameras**

Use of any photographic device, film camera, digital camera, cell phone camera, video camera, etc. that impinges upon the rights of others is strictly prohibited. Misuse of any such device in a school locker room, school bathroom or elsewhere in a way that violates the personal privacy of the individual may result in the immediate initiation of the expulsion process.

**Closed campus policy**

Blackduck High School has a closed campus policy. Students are not permitted to leave the building without school and parent permission. Any departure from the building by a student without prior approval shall be considered an unauthorized departure from the building and shall be subject to disciplinary action. This includes students' lunch period.

**Commons Area**

The commons area is available for student use during the lunch hour and before and after school if students are supervised. The commons is an excellent space to study or visit with friends quietly. Students are responsible for keeping the commons area clean.

**Cafeteria/Commons**

Your cooperation and your thoughtful consideration for other students are expected and appreciated.

1. All lunches must be eaten in the cafeteria/commons unless special permission is given.
2. Students are to conduct themselves in an orderly manner at all times, in the lunch lines, and while eating.
3. Each student is responsible for the cleanliness of the table or the place at which he/she eats and for the surrounding area.
4. Trays, silverware, refuse and other eating items should be returned to the garbage and dish washing area after use.

**Complaints**

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint.

**Dances**

Dances are designated for either Jr. High or Sr. High students. Only students who are attending a traditional high school, and recent BHS alumni (not AEC or online) are allowed as guests with a signed permission form and only then if they are pre-approved by the advisors of the organizations sponsoring the dance. The student who brings the guest will be responsible for their behavior. Guests are expected to abide by all Blackduck High School rules or will be asked to leave. Students who leave the dance or arrive more than 20 minutes late for the dance will not be allowed to enter.

**Dropping/Adding a Class**

Students are to remain in their classes until the end of the term(s). If a student wishes to withdraw from a class, the student must contact the Guidance Counselor within the first week of class.

**Electronic Device Lost/Stolen**

Students will be charged for school-owned electronic devices that are lost, damaged or destroyed. Students who owe for a device will have an obligation to the district. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the high school principal.

**Elevators**

Any student or staff member who is temporarily/permanently physically challenged may, upon approval from the Health Office, use the elevator.

## **Eighteen-Year-Old Students**

According to Minnesota State MSA 120A.20, Subd. 1., *All students, regardless, of age, may be governed by a single set of rules provided the rules reasonably apply to all students to achieve a legitimate school purpose.* Students **who** are eighteen years of age or older are not exempt, and are bound to, any regular rules and regulations established for the general student body by school board policy. Therefore, Blackduck High School's policies encompasses all students in grades 7<sup>th</sup>-12<sup>th</sup>, thus student absences, and "permission to leave requests" for eighteen-year-olds will require a parent/guardian verification. **The only exception is an eighteen-year old student who is legally independent and responsible for his or her own financial obligations, and living out of the household.**

## **Eligibility Policy**

Participation in all extracurricular activities offered by Blackduck High School will determined by the following:

**Ninth, tenth, eleventh, and twelfth grade students:** A student is progressing satisfactorily toward graduation and therefore eligible for Minnesota State High School activities at Blackduck if the student has accumulated the following credits prior to the beginning of the designated quarter:

	Quarter 1	Quarter 2	Quarter 3	Quarter 4
9 <sup>th</sup> Grade	All students eligible	1.25	3.00	4.75
10 <sup>th</sup> Grade	6.25	8.00	9.50	11.25
11 <sup>th</sup> Grade	12.75	14.50	16.00	17.50
12 <sup>th</sup> Grade	19.00	20.50	22.00	23.50

1. A list of ineligible students will be published at the end of each quarter. Students who are short on credits will be placed on academic probation for one quarter. During this one quarter probation they will be eligible to participate in activities but their progress will be monitored and a plan for correcting their deficiencies determined.

If at the end of the one quarter probation they have not made sufficient progress toward making up the deficiency, they will be declared ineligible to participate in activities until the deficiencies have been corrected. Correcting the deficiency means that the student will have passed enough courses at the quarter break to bring the total of passed courses in line with the guidelines. **Ineligible students may not practice or travel with the team.**

**Sixth, seventh and eighth grade students:** If a student fails more than one course during the quarter he/she will be ineligible to participate in high school activities for 2 weeks of the season or 2 events, whichever is greater. Ineligible students in grades 6, 7, & 8 will be allowed to practice.

2. Activities affected by this policy will include:

Football	Volleyball	Cheerleading	Basketball	Baseball
Wrestling	School Plays	Softball	Golf	FFA
Track	Speech	Student Council	Knowledge Bowl	Class Officers
Prom Committee		Robotics	National Honor Society	
Music Activities (Spring and Fall Concert Excluded)				

3. Transfer students must meet Blackduck High School academic eligibility requirements.

This policy will be reviewed annually by the Academic Eligibility Committee.

## **Midterm Eligibility**

A list of students with failing grades (F) will be published at midterm of each quarter. Students who have an (F) in any class will be ineligible for one calendar week. Midterm reports are sent out on Friday, therefore the week of ineligibility will run from Tuesday through Monday the following week. During this week, students will not be allowed to practice or compete in their event(s). After the one week of ineligibility and the student does not have passing grades, the student will remain ineligible until they have passing grades. The Activities Director will

communicate with the coaches, students, parents, and staff on each specific case that relates to extra-curricular situations. This policy will encompass both Category 1 and 2 activities and include sixth grade. Specific/unusual circumstances will be addressed by the Activities Director.

### **Prohibited Substances and Eligibility**

At any time during the calendar year, regardless of quantity, a student shall not use tobacco or alcoholic beverages; use or consume, have in possession, buy, sell, or give away any other controlled substance, including anabolic steroids. It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the student's own use by his/her doctor.

#### **A. Penalty for eligibility rule violation in Category I activities (Athletics, Declamation, and Cheerleading)**

1. **First Violation:** After confirmation of the first violation, the student shall lose eligibility for the next two (2) consecutive interscholastic events or two (2) weeks of a season in which the student is a participant, whichever is greater. No exception is permitted for a student who becomes a participant in a treatment program.
2. **Second Violation:** After confirmation of the second violation, the student shall lose eligibility for the next six (6) consecutive interscholastic contests in which the student is a participant or three (3) weeks, whichever is greater. No exception is permitted for a student who becomes a participant in a treatment program.
3. **Third and Subsequent Violations:** After confirmation of the third or subsequent violations, the student shall lose eligibility for the next twelve (12) consecutive interscholastic contests in which the student is a participant or four (4) weeks whichever is greater. If after the third or subsequent violations, the student has been assessed to be chemically dependent and the student on her/his own violation becomes a participant in a chemical dependency program or treatment program, then the student may be certified for reinstatement in MSHSL activities after a minimum period of six (6) weeks. The director or a counselor of a chemical dependency treatment center must issue such certification.
4. **Denial Disqualification:** A student shall be disqualified from all interscholastic athletics for nine (9) additional weeks beyond the student's original period of ineligibility when the student denies violation of the rule, is allowed to participate and then is subsequently found guilty of the violation.
5. Penalties shall be cumulative beginning with Grade nine or when a student begins "B" squad or varsity competition, whichever comes first.
6. In order for missed events in an activity to be counted toward regaining of eligibility, the student must complete the entire season of the activity.

#### **B. Penalty for eligibility rule violation in Category II activities (One-Act Play, School Plays, Knowledge Bowl, Band and Choir)**

1. **First Violation:** After confirmation of the first violation, the student shall lose eligibility to participate in the next public or interscholastic performance event of the activity or activities in which the student is a participant.
2. **Second Violation:** After confirmation of the second violation, the student shall lose eligibility to participate in the next two (2) public or interscholastic performance events of the activity or activities in which the student is a participant.
3. **Third and Subsequent Violations:** After confirmation of the third or subsequent violation, the student shall lose eligibility to participate in the next three (3) public or interscholastic performance events of the activity or activities in which the student is a participant.
4. Penalties shall be cumulative beginning with Grade Nine.

### **Employment Background Checks [\*]**

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

### **Equal Access to School Facilities**

The school district has created a limited open forum for secondary students to conduct non curriculum-related meetings during non instructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be school sponsored; employees or agents of the school will be present at religious meetings only in a non participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and non school persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

### **Fees [\*]**

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, paper, erasers, and notebooks. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Field trips considered supplementary to the district's educational program.

Minnesota Statutes 120.101 provides schools may charge for lost or destroyed textbooks, workbooks or library books. Students will be charged for, textbooks, workbooks, and library books that are lost or destroyed. Students who owe for these items will have an obligation to the district. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the high school principal.

### **Food Service**

Parents or students are to deposit money into a food account. All accounts must carry a positive balance to access the regular menu. No charging is allowed. Student Meal Prices: \$ 1.75 breakfast, and \$3.25 lunch. Families have the opportunity to apply for the Free and Reduced Lunch Program. The district encourages families to file the state forms as it benefits school funding.

### **Food and Beverages**

Food, pop, coffee, juice, and flavored water are permitted and allowed in classrooms at the discretion of the individual teacher. Students who have food or beverages are responsible for proper disposal and cleaning of any accidental spills. Incidental classroom parties are permitted with administrative approval.

### **Foreign Exchange Program**

Foreign exchange students will be enrolled as Juniors in the Blackduck School District, until proof is provided that they belong in the Senior class. The students may enroll in classes normally taken as seniors, but will not earn a Blackduck High school Diploma.

### **Fundraising**

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the building principal. Participation in non approved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for non school-related activities will not be allowed during the school day.

### **Gifts to Employees**

Graduation exercises are under the control and direction of the building principal(s).

In order to participate in the **Graduation Ceremony**, seniors must be current in all required/elective classes and be on schedule to earn all credits necessary for graduation upon successful completion of 4<sup>th</sup> quarter classes, whether attending BHS or are dual enrolled at BHS and the AEC (Alternative Education Center). The petitioner must contact the High School Guidance Counselor and complete the required paperwork prior to the third Friday in May.

The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, or age in its programs and activities. The school board has designated Mark Lundin, Superintendent, 156 1st St. NE, Blackduck, MN, (218) 835-5200, as the district's human rights officer to handle inquiries regarding nondiscrimination.

### **Notice of Violent Behavior by Students [\*\*]**

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

### **Nurse/Counselor Visits**

Students going to the nurse's office or counseling need to get the assignments from the class/classes they are missing. Students must receive a pass to go to and from these areas from the staff member meeting with them. Due dates for missing work are at the discretion of the teacher within a reasonable amount of time.

### **Parent and Teacher Conferences**

Parent and teacher conferences will be held several times during the school year. For more information, contact the building principal.

Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

### **School Activities**

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline and parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Blackduck School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must also abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer where applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact the Activities Director or refer to the activity handbook located in the district office.

### **School Closing Procedures**

School may be cancelled when the superintendent believes the safety of students and employees is threatened by severe weather or other circumstances. The superintendent will make a decision about closing school or school buildings as early in the day as possible. School closing announcements will be broadcast over the local television and radio stations and will also be posted on the district website. Parents will also receive a call from the automated notification system, School Messenger.

### **Skateboards/scooters/roller blades/ wheelies**

Skateboards, scooters, rollerblades, and/or wheelies are not allowed in or on school property at any time. School officials may confiscate any these items if found on school property. Parent/guardians will need to pick up the items from the high school office.

### **Student Leaders**

Elected leaders must be in good standing with MSHSL rules of conduct, Blackduck High School rules, **have four or less behavior tickets in the previous quarter**, and be academically eligible. Failure to meet these criteria will result in referral to administration and result in forfeiture of the elected position.

### **Searches**

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

### **Detection Canines**

To maintain a safe, drug-free environment, Blackduck High School will utilize detection canines for unannounced visits to check the buildings, grounds, and parking lots.

### **Lockers and Personal Possessions Within a Locker [\*]**

According to state law, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

**It is recommended that you do not leave money or other valuable items in an unlocked locker. It is the expectation that lockers are locked at all times. The school is not liable for lost or stolen items. The cost of repairing any damage to lockers will be charged to the assigned student. Locker graffiti and damage will be assessed and fined at the end of each school year.**

### **Desks**

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

### **Personal Possessions and Student's Person**

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

### **Patrols and Inspections**

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

### **Search of the Interior of a Student's Motor Vehicle**

The interior of a student's motor vehicle in a school district location, including the glove and trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon the request of a school official.

### **Law Enforcement**

Law enforcement officers are permitted to meet with students during the school day, without parental permission. Unless explicitly instructed not to by law enforcement, parents/guardians will be notified of such meetings. Parents/guardians may be notified by law enforcement if such contact occurs. Blackduck Schools will work in cooperation with law enforcement agencies including the canine unit. Contraband includes, but is not limited to alcohol, tobacco, drugs, and guns.

### **Student Publications and Materials**

The policy of the school district is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non School-sponsored publications may not be distributed without prior approval.

Student pictures and identifying names will be printed in the school yearbook, given to the local news media, and posted on our local website on those occasions that warrant it. However, any student, or the student's parent/guardian, if the student is under the age of eighteen, may request that his/her picture and name not be published in the media or in the school yearbook, with such request to be made in writing to the principal of the school. This does not cover pictures taken by the news media unless we specifically have signed statements to the contrary.

### **Distribution of Non School-Sponsored Materials on School Premises [\*\*]**

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing non school-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Non School-Sponsored Materials on School Premises by Students and Employees" policy in *Appendix 2*.

### **School-Sponsored Student Publications**

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to editorial control by the school district over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

## **Student Council**

A Student Council is a representative structure for students only, through which they can become involved in the affairs of the school, working in partnership with school management, staff and parents for the benefit of the school and its students. Student representatives and officers are elected from and by the student body. Class Officers are automatically members of the student council.

## **Student Records**

The Blackduck Board of Education, Independent School District #32, has adopted a policy, and school administrators have developed procedures, to inform students and parents in the school district of their rights with respect to school records, of the informational needs of the district, and of measures taken by the school district to protect the rights of students and parents in processing school records. While the school district must obtain and use certain information about each student to plan the best educational program, this need is balanced with the right of each student and parent to privacy. Therefore, access to this information by third parties is limited and controlled.

The following information outlines the types of information collected, how that information is maintained, summarized or released, and indicates which school officials have responsibility to follow procedures regarding this information.

### **What student information can parents inspect and review?**

Federal law and state law allows parents to inspect and review any and all official records, files and data relating to their child, including all material that is incorporated in the child's cumulative record. This includes identifying data, academic data, scores on IQ, aptitude, psychological and interest tests, health data, family background information, and verified reports of serious or recurrent behavior patterns. Parents may not, however, view professional records (such as psychologist's or counselor's personal records).

### **Who is responsible for records in our school district?**

The responsible authority for records in our school district is the superintendent. He is charged with the responsibility of determining what records are to be kept and who has access to them. By law, he may delegate this responsibility to another official such as the principal or assistant principal. Parents may request (from the principal) to see their children's records. He/she will show parents the educational records within a reasonable time. Parents have the right to receive a copy of their children's records for a nominal fee.

### **What information is made public?**

Our school system can maintain "directory information" relating to students. This information can be made public. You may, however, request in writing that directory information may not be released. The directory information includes:

1. Student's name
2. Address
3. Telephone listing
4. Date and place of birth
5. Major field of study
6. Participation in officially recognized activities and sports
7. Weight and height of members of athletic teams
8. Dates of attendance
9. Degrees and awards received
10. Most recent previous educational agency or institution attended by the student
11. Other similar information

### **Where is student information kept?**

While a student is enrolled in our school system, official school records are kept in the student's cumulative record folder, except where special auxiliary services have provided additional information such as in the case of health, psychological, special education or permanent record. In such cases the office originating the data houses the information.

### **What happens to the records when a student leaves our school?**

When a student leaves the school system (graduates, moves away, withdraws) contents of the cumulative record are forwarded to other school systems, colleges, vocational institutes, at their request, unless the parent (or eligible student) signs a form specifically directing our school system not to release information to other schools. Original records of seniors are stored at the high school for seven years.

Information is not released to third parties (except information contained in the "directory" category) without

written authorization from parents, legal guardians or eligible students.

**Who may see student records?**

Access is limited to the following:

- i. Parents or legal guardians of students under age 18
- ii. Students who are 18 or over
- iii. Staff members of our school system, such as the principal, teachers, counselors, nurses, and other authorized professional personnel
- iv. State or local officials as required by law (provided this law was passed before November 18, 1974
- v. Other third parties (employers, social agencies, police, FBI, etc.) may have access to records only with written permission of eligible students, parents, or legal guardians. These parties may not release the records to other persons without obtaining consent
- vi. Accrediting organizations
- vii. Researchers who do not identify students

**What information cannot be shown to parents or students?**

Medical and psychiatric treatment reports are not available to parents or students. They are available, however, to the family physician for inspection.

**How long are records kept?**

Most records are destroyed when they no longer are needed by professional personnel to plan the most appropriate instructional programs for students.

Certain data are converted to permanent record when students leave the school system. These permanent files are kept to fill requests for information from former students who later need to verify school related information from their own records.

**What are your rights regarding student record information?**

Federal laws governing school records allow parents, legal guardians and eligible students (age 18 and over) to examine their school records or those of their children.

\* You may challenge the accuracy of the record. You may request that school officials change it. After consultation, school officials may or may not alter the record. If you disagree, you have the right to a hearing.

\* Should you feel that you have not been given your rights, you may ask for a review of the case by contacting the office in Washington, DC listed below:

The Family Educational Rights & Privacy Act Office (FERPA)  
Department of Health, Education and Welfare  
330 Independence Avenue S.W.  
Washington, D.C. 20201

\*You have the right to authorize or deny release of information requested by a third party.

Establishing safeguards to protect the right to privacy may cause some delay in getting information to the source requesting it. However, this seems a small price for protecting the right to privacy and control of information for all individuals.

\*Our school system asks your support and cooperation in using these procedures. If you have questions or comments on any of these matters, please call the following telephone number: 835-5202.

**Transmittal of Disciplinary Records**

That the school district forwards education records on request to a school or post-secondary education institution in which a student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment, including information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, suspension and expulsion information pursuant to 20 U.S.C. § 7917, part of the federal Every Student Succeeds Act and any disposition order which adjudicates the student as delinquent for committing an illegal act on school district property and certain other illegal acts;

**Student Surveys [\*]**

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see *Appendix 4*. A complete copy of the school district's "Student Surveys" policy may be obtained in the district office.

### **In School Suspension**

Administration has authority to assign in school suspension to students for inappropriate or disruptive behavior.

### **After-School Detention**

Teachers and administration have the authority to assign student's after-school detention for inappropriate or disruptive behavior. After School Detention (ASD) will be scheduled **one day per week (Thursday)**. Parents are responsible for transportation. Students assigned to ASD must remain in the building following dismissal from their last class and report to the ASD room by 4:05. ASD will run from **4:05 to 5:30 p.m.** Students are expected to bring homework materials and will strictly adhere to normal study hall rules. The ASD supervisor has complete charge of this activity and may assign further consequences if the rules are not followed.

Skipping ASD results in out of school or in school detention as determined by administration.

### **Noon Detention**

Level I infractions and Tardies will result in a Noon Detention during lunch hour. Noon Detention will be scheduled two days a week. Skipping noon detention results in an ASD.

### **Transportation of Public School Students**

The school district will provide transportation, at the expense of the school district, for all resident students. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's' parent or guardian.

### **Student Transportation To and From School-Sponsored Activities**

For the safety of the students, the following transportation policy is in effect:

To the Event: Students actively participating in out-of-town, school-sponsored activities (athletic contests, music contests, field trips, etc.) **must** travel to the activity in a vehicle provided by the school. **Students may travel to the event (with a parent/guardian) with prior administrative approval, which includes, a written note from the parent and the parent contacting the school by the phone or in person.**

From the Event: Students may be released to their parent/guardians, provided the parent/guardian meets directly with the coach or advisor immediately following the event, makes a request in person, and signs a written release of liability. Students who wish to leave an event with someone other than their parent may do so **ONLY** if there are extenuating circumstances which the parent has communicated to and subsequently gotten prior, written approval from the administration which the student must present to the coach before leaving. Students **will not** be allowed to ride home with another student driver

### **Extracurricular Transportation**

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

### **Video and Audio Recordings**

#### **School Buses**

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the student's' misconduct on the bus.

#### **Places Other Than Buses**

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Video surveillance of locker rooms or bathrooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.

### **Trespassing by unauthorized person**

Under Minnesota Law (MN Criminal Code Section 609.605).

### **Truancy**

Blackduck Public Schools have developed attendance policies with the current state and county guidelines. Compulsory attendance policies for students under the age of 16 years will be applied in cases of chronic absences or tardies. Parents/guardians of a student under the age of 16 with frequent absences will receive a series of warning letters to be sent out through the high school office and the **District Truancy Tracker Program** in conjunction with **Beltrami County Juvenile Court**. Check details of the high school attendance policy. Seven unexcused periods from high school is considered habitually truant and are in violation of M.S. 260.015, Subd.2a(14).

Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the guidance counselor.

### **Area Learning Centers**

Students may only utilize an Alternative Education Center in order to remain current for graduation as determined by the Guidance Counselor. To receive a referral to AEC, the student must be behind in credits for graduation and unable to complete the credit at BHS. **AEC classes may NOT be taken during a scheduled Blackduck High School day.**

### **Learning Lab**

Blackduck Learning Lab is a certified-teacher supported study hall for all students in need of individualized instruction and tutoring within their daily schedule. By utilizing low teacher/student ratio, structured environment, and collaborative communication with the classroom instructor, students can participate in an intervention prior to

failing a class. A referral process is used to access the Learning Lab. Under special circumstances, the Learning Lab will be used for credit recovery towards graduation.

### **Cheating and Plagiarism**

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district’s “Student Discipline” policy.

### **Early Graduation**

### **Extended School Year Opportunities**

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student’s IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the building principal.

### **Field Trips**

Field trips may be offered to supplement student learning. Field trips may be optional and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

### **Grades**

Students’ grades will be reported quarterly during the year. Report cards will be sent to parents/guardians or eligible students and/or available online for review. Online grade reports may be reviewed using Parent Vue.

### **Progress Reports, Grading and Incompletes**

Blackduck High School uses **Synergy**, a web-based system as their grading program. Parents/students may access the web and check individual progress and grades, attendance, and discipline. Student performance, participation, and responsibility may be included in this grade. All teachers will use the same grading scale. Progress reports are handed out to students at mid-quarter, with failing notices mailed home. End term reports are also mailed home quarterly. Students who receive an incomplete at any of the four grading periods must make up the necessary work by the following dates or the incomplete will change to an “F”.

**Qtr 1 = November 21**

**Qtr 2 = February 7**

**Qtr 3 = April 9**

**Qtr 4 = June 11**

### **Graduation Requirements [\*]**

### **Homework**

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks for parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

Students are expected to complete all homework in a timely and quality manner, including suspensions. In the event of **an extended excused absence, after the second day**, the office will gather homework for the student (which the parent/guardian may pick up) if the request is made before 9:00 a.m. Gathering homework for prearranged absences is the responsibility of the student.

### **National Honor Society Criteria**

Selection for membership in National Honor Society is by a faculty council and is based on outstanding scholarship, character, leadership, and service. Once selected, members have the responsibility to continue to demonstrate these qualities.

NHS activity forms shall be available in the high school office for any student who wishes to apply the last two weeks of the first quarter. The deadline for the application is the first day of the second quarter. Only those students who apply by the deadline shall be considered and any applicant who fails to meet the academic or service requirement shall be removed from consideration.

Selection to the Blackduck Chapter of the National Honor Society is the highest honor that Blackduck High School may bestow on a student. Selection to the NHS is based upon the following:

1. A student must be either a junior or a senior who has been in attendance at Blackduck High School for at least three quarters at the time of selection. This attendance requirement may be waived in certain special circumstances.
2. Grade Point Average – students must have a cumulative grade point average of 3.20 or higher out of a possible 4.00 at the time of selection. The computer printout at the end of the quarter will be considered the deadline for NHS selection purposes.
3. Service/Participation Requirement – Students must contribute their time and talents to the school and their classmates through their participation in school-sponsored extracurricular activities. These activities would normally not include co-curricular clubs. To be eligible for NHS selection, a student must have participated in at least two extracurricular activities each year of high school. **Applicants must have signed documentation of 10 hours of community service within the past 12 months.**

Grading by faculty members, coaches, and advisors gives the students a 1-4 ranking in each of three areas: Leadership, Character, and Service. An average of the ratings in each of the three areas is then found and added together. The highest rating in any one area is 4.00. The student’s grade point average is added to this subtotal to

determine a total score for each student. Each student who achieves a total score of 12.75 or higher will be invited to become a member of the Blackduck Chapter of the National Honor Society.

### **Promotion and Retention**

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the building principal.

### **Post-Secondary Enrollment Options**

Students who have earned junior or senior status and who academically rank in the top 25% of their class may participate in this program. Information on timelines and expectations for PSEO can be obtained through the Guidance Counselor, Mrs. Templin. Students participating in the PSEO program are not allowed to take a Blackduck High School course through independent study. These courses are not weighted.

### **Parent Right to Know [\*]**

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

## PART III — RULES AND DISCIPLINE

### Attendance

The Blackduck school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the student. Classroom instruction and participation are essential to the success of the learning process. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive. This policy recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher and administrators. The federal Every Student Succeeds Act legislation insists upon good attendance and will hold public schools accountable for improving student attendance. In accordance with the regulations of the Minnesota Department of Education and the Minnesota Compulsory Instruction Law, Minn. Stat. 120A.22, *the students of the school district are REQUIRED to attend all assigned classes and/ or study halls every day school is in session, unless the student has completed the studies ordinarily required in the tenth grade and has elected not to enroll or has a valid excuse for the absence.*

**Attendance is calculated using a student's period attendance and the classes that they are enrolled in. If a student is marked absent for one period here and there throughout the school year, each individual period marked absent is added up and the total is divided by 7 to get the final attendance. This is the attendance that is reported to the state, and is recorded on the student's permanent record.**

### **Procedure for Reporting a Student Absence**

Parents are responsible to contact the high school office to report a student's absence, along with the excuse, by a signed notice or personal phone call. Any absence not reported (via a note or phone call to the office) **by 10:00 a.m. the day following** the absence will be recorded as an unexcused absence(s) and will not be changed to an excused absence outside this time frame. An excused absence must be excused by a parent/guardian ahead of time, the day of the absence, or up until 10:00 am the day following the absence. The High School office has voice mail messaging @ 218-835-5210.

### **Pre-Excused Absence Notification**

Pre-excused absences are issued for family trips and other absences known ahead of time. Students who know they will be absent should turn in a signed note from a parent and get an admit from the office one week prior to the trip. Students without a signed notice prior to the trip, will be considered unexcused.

### **School Caused Absences**

These absences need to be verified at the time of the absence. Make-up work is available. Examples of school-caused absences include: field trips, music competition/tours, interscholastic meets/events, a ceremony in which the student is being honored or presented with an award, student government activities, participation in regional/state competitions, AP exams, and other school approved activities, meetings or counselor appointments.

### **Illness during the school day**

Students who become ill during the school day **must report** to the Health Office. The Health Office must make the necessary arrangements for students to go home. Students should never leave the building ill without reporting to the Health Office or the absence may be considered unexcused.

### **Suspension Related Absences**

Absences due to suspension are excused. The office will strive to get assignments from teachers for all suspensions. These assignments will be available in the office for pick up.

### **Attendance and Participation in Co-Curriculars/Extracurriculars**

Co-curricular/Extracurricular activities add to student's high school experience in many positive ways. Participation in co-curricular/extracurricular activities is encouraged. With such participation, however, come additional responsibilities, some of which are related to attendance:

1. Students who wish to practice for any co-curricular/extracurricular activity must be in attendance for hours 5-7.
2. If a student is to participate in a co-curricular/extracurricular activity, he/she must be in school the ENTIRE day of the event. If there is an attendance policy violation, on an away event, the student will not be able to ride the bus. If it is a home event, the student can't dress but must be on the bench with the team. Students arriving at school and then leaving before 1<sup>st</sup> hour begins must have parent/guardian permission and must sign out in the High School Office. Students on school grounds before the 1<sup>st</sup> bell are considered present for the day. (Non-compliance of this policy results in ASD)

### **Tardy to Class/School**

Students who are tardy to class cause a disruption for the teacher and other students in the classroom. They miss information being presented at the beginning of the class period. Therefore, the following procedure will be followed. Students will be recorded tardy to class when they are not within their assigned classroom when the starting bell rings. Students entering the classroom after the starting bell rings, with an excused pass will not be given a tardy or absence. Each time a student receives a group of five tardies it will result in the consequence of one Noon Detention. This procedure will start over each quarter.

## Blackduck High School Behavior Ticket Program

Blackduck High School is dedicated to creating a climate of respect and safety for all staff and students. We believe that by increasing the standards of conduct and lowering the levels of tolerance for inappropriate and disrespectful behaviors, we will naturally intensify respectful and behavioral accountability.

Consequences for **minor (Level One)** behavior infractions will result in receiving a warning in the form of a behavior ticket. Students will then have an opportunity to change and correct their behavior.

- All staff members of Blackduck High School will utilize this system.
- These tickets, if accumulated, will result in an assigned noon detention to be served by the student during their lunch hour. Four (4) behavior tickets will result in a Noon Detention.
- Each quarter, the ticket program will start over and every student has a clean record.
- Parents will receive a copy of the first three tickets that have been given out to a student.
- After the fourth ticket is received, a Noon Detention date notification will be sent out to parents.

## **PART IV — HEALTH AND SAFETY**

### **Accidents**

All student injuries that occur at school or school-sponsored activities should be reported to the building principal. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

### **Asbestos Management Update [\*]**

The school district has developed an asbestos management plan. A copy of this plan can be found in the district office and is available on the district's website.

### **Crisis Management**

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The "Crisis Management" policy addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

### **Emergency Contact Information**

See the High School Receptionist to ensure that emergency contact information is correct and up-to-date.

### **Health Information**

#### **First Aid**

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in the nurse's office and in the elementary wing of the building. Tampering with any AED is prohibited and may result in discipline.

#### **Communicable Diseases**

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his/her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

#### **Health Services**

Blackduck Schools has a School Health Provider (SHP) on staff that can attend to students who are injured or ill. In the event that a student is seriously injured or ill, the SHP will attempt to notify the parent or guardian. At the beginning of the school year, each student will be given an emergency form, for contact information, to be completed by his or her parent/guardian. It is the parent's responsibility to return this form to the school. Students may be excluded from school and school activities in the event of conditions that may be contagious or detrimental to the student body. It is the parent's responsibility to notify the SHP of any relevant medical needs. Individual Health Plans can be written in consultation with the student's guardian, teachers and SHP in order to meet special health needs. Parents should make every effort to give medication at home. In the event that medications (either prescription or nonprescription) need to be given during the school day, the SHP must administer them. Students may at no time have any prescription or nonprescription drugs in their possession; they should be given to the SHP. Health screenings for vision, hearing and scoliosis are conducted and monitored annually. In the event that these screenings reveal the need for further measures parents will be notified.

## **Immunizations**

All students must be properly immunized or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the school health professional.

Students could be sent home if vaccines are not up to date. Required immunizations are as follows:

1. Grade 7 -12 - 3 DPT, 3 Polio, 2 MMR, 3 Hep B, Booster Td
2. Grades 7 - Varicella

Exemptions given by the state will be reviewed on an individual basis.

## **Medications at School During the School Day**

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). The school district is to be notified of any change in a student's prescription medication administration.

## **Pesticide Application Notice [\*]**

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, the schedule of pesticide applications, and the long-term health effects of the class of pesticide on children can be requested by contacting the head custodian.

## **Safety**

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

## **School Based Interventionists/ Mental Health Services**

Blackduck High School offers student support through a School Based Interventionist. This program is provided through Stellher Human Services, Inc. dealing with emotional and behavioral issues. Parent permission is required after an initial consultation.

## **Visitors in District Buildings**

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the High School Office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the High School Office and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

Students are not allowed to bring visitors to school without prior permission from the principal.
