

Field Trip Permission

Dear Parent/Guardian,

This is a standard permission form to have your approval for your son/daughter to attend short educational field trips with his/her class throughout the school year. Extended field trips will supply you with a regular field trip permission form.

Arrangements will be made for students to leave the property of Blackduck High School and use school vehicles with their instructor.

All school policies will be followed and enforced. Should you have the need to contact us during this time, please contact the school at 835-5210.

Please sign and return the permission slip to the high school office by the first day of school.

Sincerely,
High School Office

I give my student permission to attend instructional activities off the school campus with his/her class.

Student's Name

Grade: 7 8 9 10 11 12
